

I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that we demand and deserve. The local broadcasters do not serve the needs of the general public they only loyal to the advertisers not listeners. My time is valuable and the availability that XM provides free up my schedule, I switched to XM to obtain this kind of service when I wanted and where I wanted to listen.
